INTRODUCTION

Purpose

The content in this handbook or any policies, procedures, or practices of Capstone are not intended to be a contract or guarantee of employment between Capstone and any Associate.

Capstone Vision and Mission Statement

Service and Value through Innovation

Capstone Will Deliver Our Vision Through ***The Capstone Script***

Sense of Ownership – We live up to commitments, take responsibility for our actions and show pride in all we do

Caring – We display kindness, loyalty and concern in everything we do

Results Oriented – We determine success through outcomes

Integrity – We are truthful, we do the right things and we build trust

Put Others First – We always put Partners, Teammates and Stakeholders first

Transparency – We share clear and accurate information in a timely manner

The Capstone SCRIPT provides all Capstone associates the foundation blocks which define our corporate culture. Culture refers to our personality and judgment. Our personality is how we act and our judgment is how we make decisions. The SCRIPT refers to pillars which are non-negotiable behaviors that we all should experience in all aspects of our work lives. We want all associates to take ownership in their actions, act in a caring nature, deliver results, have the highest levels of integrity, put the needs of others ahead of their own and display the highest levels of transparency. These are the six pillars that define the behaviors that capture the Capstone Vision and Mission.

Compliance with Applicable Laws

Capstone intends to comply with all applicable state and federal laws, including, but not limited to those relating to medical, family or military leave, equal opportunity, environmental regulations and laws, safety, health, and laws regarding any other terms and conditions of employment. Similarly, we expect you to comply with all laws that apply to your job(s) as a condition of your continued employment.

This Handbook, and each of its provisions, is to be interpreted and/or applied in accordance with all applicable federal, state and local laws. Insofar as there is or may appear to be a conflict between the wording of any provision of this Handbook and applicable law, the law shall take precedence and the provision in question shall be interpreted and applied in a way that conforms to the law.

EMPLOYMENT

Employment at Will

Employment at Capstone is at will for an indefinite period of time, unless terminated by either Capstone or you. An individual's employment may be discontinued whenever Capstone, in its sole discretion, deems it to be in Capstone's best interest.

No written or oral representation by Capstone personnel is intended to create a contract of employment and no employment practice of Capstone is intended to create a contract of employment. Capstone's handbook is intended only as an explanation of its employment practices, policies, benefits, and a general guide to working for Capstone. The handbook does not represent contractual terms of employment. Despite anything that you may read into the handbook, employment at Capstone is strictly at will.

90 Day Introductory Period

Newly hired Associates are subject to a 90 day introductory period during which their performance is being evaluated to determine whether further employment in a specific position or with Capstone is appropriate. The employment relationship with Capstone during and after the introductory period is at-will, and moving from the introductory period to a new employment classification in no way changes the at-will nature of employment with Capstone.

Associate Records

Capstone will maintain personnel and payroll records as required by state and federal law. To ensure Associate records are up-to-date, you are required to make Capstone aware of any changes in personal status, which might affect withholding tax, benefits, emergency contact, home telephone & cell phone numbers, e-mail addresses and home address immediately.

Capstone strongly advises all Associates to create a log-in and user ID for the ADP Employee Self Service product. This will allow you to make personal changes to your payroll information confidentially and immediately.

Dispute Resolution

Capstone recognizes that there may be a circumstances when an Associate is simply not satisfied with the Company's final resolution of his or her problem. To promote the just, speedy, and inexpensive resolution of any dispute arising under federal, state, or local law, Capstone maintains an Arbitration Program. The purpose of this Program is to resolve as many disputes as possible outside of the overburdened and expensive court system.

The Arbitration Program applies to any legal dispute between the Company and an Associate which could be brought in court (including claims regarding Company property, wrongful discharge, employment discrimination, harassment, or any other dispute relating to the employee's employment or arising under any labor, employment, or civil rights law). Only claims arising under the National Labor Relations Act which are brought before the National Labor Relations Board, claims for medical and disability benefits, or as otherwise required by state or federal law are excluded from this Program. While the Program does not preclude the filing of a charge with the Equal Employment Opportunity Commission or other federal agencies, the dispute underlying such charges will be arbitrated. The terms of the Company's Employment-At-Will and Arbitration Agreement, not this policy, control the arbitration program.

Changing Policies and Procedures

Capstone reserves the right to modify, revoke, suspend, terminate or change any or all parts of this Associate Handbook or any policies, procedures or practices in whole or in part, at any time with or without notice. As parts of this handbook change, you will be notified via e-mail, ADP Employee Self Service, posting at the site level and the notification will also be posted on the Capstone Intranet.

We constantly strive for new and improved ways to accomplish our goals and continuously seek fresh ideas to better streamline or make efficient our operating methods. We encourage you to openly communicate suggestions you may have toward this goal through our Management Team.

Capstone has an excellent reputation for conducting business activities with integrity, fairness, and in accordance with the highest ethical standards. As an Associate, you enjoy the benefit of that reputation and are obligated to uphold it in every business activity.

All Associates have a responsibility to understand and follow the Capstone Code of Conduct. In addition, all Associates are expected to perform their work with honesty and integrity in any areas not specifically addressed in this Code of Conduct. A violation of this Code of Conduct may result in appropriate disciplinary action, up to and including termination.

This Code of Conduct reflects general principles to guide Associates in making ethical decisions and cannot and is not intended to address every specific situation. As such, nothing in this Code of Conduct prohibits or restricts Capstone from taking any disciplinary action on any matters pertaining to Associate conduct, whether or not they are expressly discussed in this document. The Code of Conduct is not intended to create any express or implied contract with any Associate or third party.
